

## G2 STALK DEFLECTOR

### John Deere 1700 Series Planters

(Read Instructions Completely before Beginning Installation)

**Before working on your planter or drill**

**DANGER:** When storing or working on the planter always install cylinder stops or place the planter on stands to prevent personal injury or damage to the attachments.

### Mounting Instructions

Before you begin, verify all items listed in the "package contents" table at the right.

**Step #1:** Slide trash deflector's bracket up through the hole in the center of the the tail section's cast piece **[fig. (a)]**. The plastic deflector needs to be facing the front, with the mounted bracket facing the back **[fig. (b)]**.

**Step #2:** Place the metal plate over the large hole in the back of the tail section, and slide the bolt through the hole and into the threads in the deflector's bracket **[fig. (c)]**. Tighten bolt.
