

CHICKEN TRACKER™ MOUNTING INSTRUCTIONS

Buffalo 4630 & 4640 Cultivator

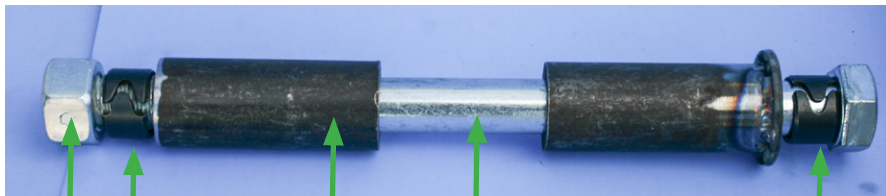

Before working on your planter or drill

DANGER: When storing or working on the planter always install cylinder stops or place the planter on stands to prevent personal injury or damage to the attachments.

PLEASE: Read instructions completely and verify all package contents before beginning installation.

1. Take standard rubber wheel off. Don't use the 3/4" bolt.
2. Hub of Chicken Tracker wheel is not welded in the center of wheel. Put washered spacer on side of hub that is tapered.
3. Pound in both Connex bushings into bracket holes so that the 5/8" bolt provided will fit.
4. Then put non washered bushing on opposite side of wheel so Chicken Tracker is centered. Push through wheel bracket.
5. Hold in place with 5/8" lock nut.
6. Make sure wheel is centered in cultivator yoke
7. Tighten nut on bolt
