

# IMPROVED JOHN DEERE GAUGE ARMS

BY COYOTE MACHINING

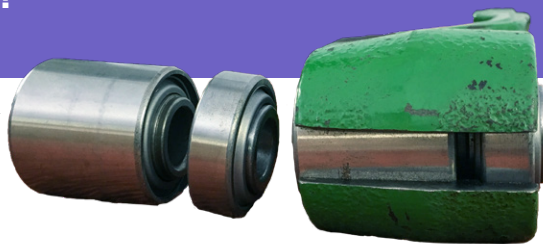

**U**pgrade your John Deere gauge wheel arms with sealed bearings. Either send in your worn out arms for repair, or send them in for exchange. We will install new sealed bearings, provide shim kits, and build up the worn out spot on the arms. This improvement lets the gauge arms moves freely, stay in adjustment, and get rid of the side slack.

Our improved gauge arms have been in use for 6 years and are still like new.

**Patent Pending**

- ▶ 1/3 MORE SEALED BEARING SURFACE IN EACH ARM
- ▶ ARMS PIVOT SMOOTHLY & STAY TIGHT
- ▶ NEVER GREASE AGAIN!
- ▶ LESS CHANCE OF MUD BUILDING ON INSIDE OF GAUGE WHEEL
- ▶ ELIMINATES SIDE MOVEMENT & TIRE WEAR
- ▶ ARMS ARE STILL LIKE NEW AFTER 6 YEARS, PLANTING OVER 24,000 ACRES!

In this cut-out arm, you can see how the improvement with the bearings look inside the arm

Improved arms fit John Deere 1720 or newer \*must have 16mm bolt\*

## WE BUY USED JOHN DEERE GAUGE ARMS!

See Coyote Machining video of rebuilt arms on our website.
